# THE IMPACT GOES BEYOND THE GAME

The value of athletics reaches far beyond the final score. Every practice, challenge, and victory offers opportunities to build character, strengthen faith, and learn to serve others. Please prayerfully consider a gift to help bring this vision to life and make a lasting difference for generations of WCS students.

# Under the LIGHTS

More opportunity. More community.
More moments that matter.

## A CAPITAL CAMPAIGN

## CHANGING THE GAME FOR OUR STUDENTS

WHITINSVILLE CHRISTIAN SCHOOL

WHITINSVILLE CHRISTIAN SCHOOL
279 Linwood Ave.
Whitinsville, MA 01588
508.234.8211

# STRONG PROGRAMS. STRONG STUDENTS.

At Whitinsville Christian School, athletics and physical education help nurture the whole student. In partnership with families, we prepare students for Christ-like service in God's world.

Through sports, students discover their gifts, build relationships, and learn to lead and support others. In victory and adversity, they practice humility, perseverance, and respect for opponents and officials as image-bearers of God.

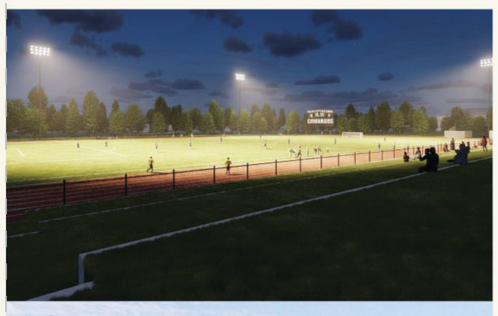
**600 STUDENTS. 28 SPORTS TEAMS.**

## ONE SHARED *Mission.*

Renewing the athletic complex will help meet growing athletic and physical education needs, expand scheduling, and create opportunities to host larger competitions.

These improvements will also provide a better experience for students and spectators, encourage greater community use, and help make WCS a regional destination for student athletics.

# THE NEXT PHASE OF *Possibility*



**PHASE 1:** Renew the Track ✓

Replace the track with additional sprint lanes and colored exchange zones, rebuild the shot put area, and relocate the long jumps.

**PHASE 2:** Expand the Possibilities

**More time to play and compete.**
Lighting for the track, soccer field, and tennis courts will expand scheduling options.

**A better place to gather.**
Terraced landscaping for mobile bleachers, entrance and signage upgrades, a ticket booth, and concession stand improvements will enhance the event experience.

**Support for competition.**
A press box and sound system, Daktronics digital scoreboard, and timing system will support athletic events.

**Play for younger students.**
An elementary playground will provide space for play and physical development.
