

Summer Play 2023

Week 1: June 19-22 Out of This World Space Explorers

Did you know that someday humans could move to Mars? Join us and use your imagination as we build rockets to take us to outer space. We will learn awesome facts about planets, stars, and the moon; and the crafts will be out of this world!

Week 2: June 26-29 Creepy Crawlies

Did you know that the vast majority of animals on earth do not have bones? Join us for a week of creepy crawlly invertebrates, on the land and in the sea! We'll discover the world of animals without bones: insects, spiders, worms, and so much more. We'll also spend some time learning about vertebrates, and have a visit from Dinky's Reptiles, who will bring vertebrates for us to touch!

Week 3: July 10-13 Ocean Commotion

Come to discover some of the most interesting species found in the ocean! A special visitor will bring some ocean items for us to touch and explore. We will also learn how different creatures of the ocean move and we'll try to move like penguins with eggs on our feet.

Classes are held Monday-Thursday from 8:30-12:00 at Stepping Stone Preschool (279 Linwood Ave, Whitinsville). If you have any questions, please contact Julie Davison (jdavison@whitinsvillechristian.org) or Sarah Bowler (sbowler@whitinsvillechristian.org).

Registration can be found at:

<https://www.whitinsvillechristian.org/summerprog/ssp-summer/>

Please register no later than June 2, 2023.

Schedule and Tuition

Week	Class Description	Tuition Per Child
Week 1: June 19-22	Out of This World	\$175
Week 2: June 26-29	Creepy Crawlies	\$175
Week 3: July 10-13	Ocean Commotion	\$175

Please make checks payable to WCS. Full refunds will be issued only if cancellation notice is provided 2 full weeks in advance of session start date, or in the case of a documented medical condition.

Registration is transferable to another session based on availability.
