Commitment

The Gym Rat Camps originated over 15 years ago with the purpose of offering a camp to the Blackstone Valley that promotes a fun, encouraging environment while providing skill development and competition. We truly believe that great players are developed during the summer. We realized this growing up, and attended every camp we could up and down the East Coast. The best camps offered great instruction, competitive tournaments, drills, and additional time to workout with dedicated coaches. That is what we strive to bring to our local community.

We are committed to making the "Gym Rat" a special camp and one that each camper has a great experience attending. We will pass on to you everything we have learned over the years from attending other camps and from playing and coaching at the High School and College levels.

Each day will consist of individual skill improvement, competitive games and drills, daily instruction from college players and coaches, and the ever popular, "3 on 3" Tournament.
